MARCH 2005

Wastec in the Juniper Report

Wastec Limited are featured in this major study on MBT technology published by Juniper in partnership with SITA Environmental Trust and ASSURRE. The report was written whilst Wastec were finalizing development of their process and operating at a pilot plant in Stockton on Tees, however Wastec were still evaluated as one of very few schemes worldwide that offer a variety of processes suitable for MBT technology.

The report can be viewed at: http://www.juniper.co.uk/Publications/mbt_report.html
